➤ EDUCATION

Universidad Nacional de Córdoba, Argentina

March 2017 - July 2021

*Environmental engineering
(Incomplete)*

ID Bootcamp Madrid, Spain

September to December 2024

Data Science

Elisa Beltramone

DATA ANALYST | DATA SCIENTIST

➤ PROJECT

Carbon Emissions

- Collect and clean data on carbon emissions.
- Use machine learning models like k-means for clustering analysis.
- Uncover relationships between emission levels and other factors.
- Incorporate geospatial analysis to visualize emission patterns across different regions.

➤ WORK EXPERIENCE

Les Elfes International Camp

December 2022 - June 2023 Switzerland

- Ski with the kids and teach them new skills.
- Organized games and activities with educational purposes..
- Participate on different trips to museums, parks and recreational places.

➤ LANGUAGES

- English (Fluent)
- Spanish (Native)
- German (Intermediate)
- French (Basic)
